Step 5: Be Sure You Have The Money You Need

- Have you considered annual out of pocket costs **beyond the first year**?
- Do you understand your actual costs?
- Do you have a strategy for handling out of pocket costs?
ONLY consider PLUS loans and/or private loans after looking into all other sources of financial aid.
Federal Direct PLUS Loan

- In parent’s name for student costs
- Rates set every July 1st for the life of that year’s loan; fees are deducted from disbursement
  - 7.54% fixed interest rate; 4.228% fees
- MUST apply each year
- Principal can be deferred while student is in school; Interest will continue to accrue

If denied - student is eligible for an additional $4,000 unsubsidized loan
Private/Alternative Loans

- From private lenders or financial institutions
- In student’s name/co-signers usually required
- Can borrow up to the Cost of Attendance
- Based on credit scores and debt-to-income
- Principal can be deferred while student is in school; Interest will continue to accrue
- Terms vary by lender – compare before making choices

1) Annual Percentage Rate (APR) Calculations – The lowest APR is based on the following assumptions: a loan of $10,000 made in a single disbursement, a student borrower who selected an Immediate Repayment Plan and a repayment term of 60 months, monthly payments of $183.49 and a final payment $175.40, a fixed periodic interest rate of 4.10%, and a total amount repaid of $11,001.26. The student borrower in this sample qualified for a 0.25% Direct Debit benefit for the entirety of the repayment period and a 0.50% graduation benefit was applied 47 months into repayment. The highest APR is based on the following assumptions: a loan of $10,000 made in a single disbursement, a student borrower who selected a Fully Deferred Repayment Plan and a repayment term of 180 months, monthly payments of $131.09, a fixed periodic interest rate of 8.20%, and a total amount repaid of $23,596.64. The student borrower received an in-school deferment of 46 months and a grace period of 6 months. The student borrower in this sample did not qualify for any interest rate discounts. These APRs are estimates and may differ from the actual rates received.

2) The provided rate range includes Undergraduate, Graduate, and Parent loans and may change based on loan type, loan term, repayment plan, and applicable discounts (not all discounts apply to all loan products). See individual loan programs for more specific information. PHEAA uses applicant credit scores to determine eligibility and interest rates. Higher credit scores may mean an applicant is offered a lower interest rate. Applicants, including co-signers, are subject to credit qualifications, completion of an application and credit agreement, and verification of application information. PHEAA reserves the right to discontinue all programs or benefits without prior notice.
